

“When a person makes a confession of faith and is never taken through a formal discipleship process, there is little hope of seeing genuine spiritual transformation.”

Discipleship of Heart and Mind

Do you want to experience the power of a transformed life?

The Fellows Program challenges and guides you on your journey toward spiritual maturity with an emphasis on both heart and mind. Fellows continue in their church life while participating in this year-long program, and requirements are designed to be achievable even for busy professionals with families.

The program focuses on spiritual formation, evangelism, apologetics and calling. Each month, a biblical theme is examined through Bible study, lecture, mentoring, small group interaction, service, and readings from respected authors.
